About

I'm an IOS developer with more than **1 year** of experience. I work primarily with Swift, but also understand Objective-C.

I'm a team player and I dedicate myself to the product I'm working on.

Experience

Rentateam

Feb 2021 – Now

- [KFC](#)
Participated in app redesign and bug fixes, which led to AppStore rating growth up to 4.6 and absence of negative feedback about the app
- [Skoda](#)
Worked on eShop, an internal marketplace for original accessories and spare parts
- [NLMK](#)
Migrated main user flow from WebView to native, significantly improving user experience
- Deployed CI/CD (GitlabCI + Fastlane) for 4 projects

Education

Moscow Power Engineering University

2007-2013

Master's degree
